Disaster Recovery *from* Hypertec

Automatic Backup & Disaster Recovery System

The award winning CMS ABS is the only true Automatic Backup System on the market today. Just plug it in and the ABS automatically initiates a complete backup of the computer's hard drive, including all documents, applications, and operating system files to create a fully bootable drive. Subsequent unencrypted, uncompressed backups are incremental, only copying altered or new files.

All data is backed up in its original file format, allowing easy and fast data access and sharing.

Enterprise software allows for up to 2:1 file compression and powerful AES data encryption with custodial key access to encrypted files. Encrypted or compressed backups are not incremental, allowing multiple versions of your encrypted or compressed files to be safely stored.

- Automatic - Just plug it in and go!
- Disaster Recovery - Instant recovery even from a complete disk failure
- Multi-purpose - Use for backup, disaster recovery, or rugged mobile external storage
- Easy Access - Data stored in native format
- Fast Access - Up to 480Mb/s data transfer speed
- Enterprise version now available, with up to 2x compression & AES encryption
- PC & Mac compatible.

Features:

• Fast	Performs an incremental backup at every connection. Only backs up edited files. Backups take minutes, not hours, with USB2.0 or FireWire interfaces.
• Disaster Recovery	ABS drive can replace drive in machine if that fails: an immediate fix.
• Quick & Easy Restore	Choose to restore single of multiple files or an entire drive.
• Rugged - Shock resistant up to 1100gs	
• Storage	Increase storage capabilities with up to 2:1 compression
• Protection	Protect data with powerful AES 128 or AES 256 encryption*
• Security	Split key management for added security*

Disaster Recovery from Hypertec

Specifications

- Available Capacities
  - SATA Version   80GB, 120GB, 160GB, 250GB, 320GB
  - PATA Version   40GB, 60GB, 80GB, 100GB, 120GB, 160GB,

- Form Factor   2.5" enclosure

- Interfaces Available   USB2.0 (backward compatible with USB1.0/1.1)

- Data Transfer Speed   USB2.0 Up to 480Mb/s

- System Requirements
  - PC   2000, XP
  - Mac   OSX 10.3.9 and above

- Dimensions
  - (h x w x d)   32mm x 127mm x 76mm (1.25" x 5.0" x 3.0")

- Product Codes

Pro Version	USB2.0 (SATA HDD)	USB2-V2ABSxxx
	USB2.0 (PATA HDD)	USB2-ABSxxx
Enterprise Version	USB2.0 (SATA HDD)	USB2-V2ABSxxx/enc
	USB2.0(PATA HDD)	USB2-ABSxxx/enc

- Warranty   3 years

*Enterprise version required (Windows only)
